

International Veterinary and Conservation Medicine Education Program

保全医学 (Conservation Medicine) は人間の活動による環境の変化とそれに伴う感染症や環境汚染物質による健康問題の改善と予防に寄与する新しい学問分野です。「健康」について、人間だけではなく、動物や生態系、社会、そして広くは地球全体の課題として捉えるOne Healthの概念の下、文系理系の枠を超えた研究人材が求められています。

course & research
activities in Zambia

所属や専門を問わず
環境-社会-生物の健康を
考える大学院生を歓迎

Open for
all graduate students
from any field of
studies

Conservation Medicine is a new academic field that contributes to solving and preventing health problems due to environmental changes caused by human activities, and the associated infectious diseases and environmental pollutants. Based on the concept of "One Health", which considers health not only of humans, but also of animals, ecosystems, and society, researchers beyond the conventional boundaries of the humanities, social sciences, and natural sciences towards a new synthesis are needed.

2022年夏季開講予定 Scheduled in Summer 2022

募集説明会 Student Orientation

- [Online]
① 4/7 18:15-19:20*
- [Offline]
② 4/8 18:15-19:20*
- [Hybrid]
③ 4/12 18:30-19:00 日本語
19:00-19:30 English

*①②は他プログラムと合同
*①② Together with other exchange programs
